I completed the 2016 summer program in Cinematic Arts at USC. I have also completed the Script Supervisor CEO Program, taught by Jennifer Carriere, where I studied how to be a Script Supervisor. Additionally, I participated in the 2024 Ready For Action training program, funded by the Office of Skills Development for Arkansas. In this program, I was in the Art Department and assisted the Script Supervisor with Continuity for the short film, Generational, which was written and directed by Jen Gerber and premiered at the Persistence of Vision Film Festival aka POV (previously known as Arkansas Shorts) in January 2025 in Hot Springs, Arkansas.
